

Age Policy

LekkeVape is required by law and committed to preventing sales to anyone under the legal purchasing age of 18 years for any of our products. When you place an order, your name and address are used to confirm your identity and age. This process only must be done once. In some cases we might be unable to verify your age during check-out and will need you to provide alternate information to complete your order.

Disclaimer: We reserve the right to use third party age verification systems, in accordance with South African law. If necessary, we reserve the right to ask for identification if necessary. You must be legal smoking age for the Country in which you reside to obtain and use a credit card and to purchase electronic cigarette products. In instances in which credit card verification is not enough, we may require to review your identification card. You will be asked to fax or email a legible copy of your identification clearly showing your age and shipping address. We will require a signed authorisation note along with a legible copy of your identification card. We will cancel the order if proper identification cannot be given in an appropriate amount of time. All fraudulent orders may be reported to the local authorities within your vicinity.
